No. 140 of 1914.

FROM

The KARBHARI OF DAPHLAPUR ESTATE.

To

The POLITICAL AGENT,

BIJAPUR.

Daphlapur, 17th August 1914.

SIR,

I have the honour to submit the Annual Administration Report for the year ending 6th June 1914.

CHAPTER I.

General and Political.

2. The *area* is *96·8* square miles. The *population*, according to the Census of 1911, is *8833*, and the gross revenue and expenditure, based on average of past five years, are Rupees *20330–3–0* and *19950–9–1* respectively.

3. No tribute of any kind is payable to Government or any State.

4. The Chief, Shrimati Rani Bai Saheb Daphle, is a high-caste Maratha Lady of 79 years of age. She had given her only daughter, Akka Saheb, in marriage to the late Chief of Akalkot, herself having a close connection through her mother with the family of the Chief of Mudhol in the S. M. Country.

5. There was no marriage ceremony or other domestic occurrence of interest connected with the Chief's household.

6. No tours were made by the Chief within or beyond the State. She had, however, the pleasure of sending her Karbhari as her representative to greet His Excellency, the Governor of Bombay, at Bijapur on 14th November 1913.

7. Mr. J. K. N. Kabraji, Political Agent, Bijapur, visited Daphlapur twice in order to explain to the Chief the high-handedness of Mr. N. B. Apte, her late Karbhari. On the first occasion he stayed for two days *viz.*, 29th and 30th July, and on the second for seven days *viz.*, from 9th to 15th August. The Chief removed Mr. APTE and appointed in his stead Mr. G. N. PERUR whose services were lent to the State by the British Government.

8. Changes of Administrative Officials are noted in Appendix I.

CHAPTER II.

Administration of the Land.

9. The revenue settlement was introduced in 1292 *Fasli*, and the 30 years' guarantee expired in 1322. The Darbar being unable to meet the cost of revision on account of three successive bad years, proposals are being submitted to raise the existing assessment by 25 % all round from 1325, so that the period of guarantee for the proposed rates will expire in 1330 as in Jath. No waste land was taken up for cultivation. There were no alienations of land nor disputes regarding boundary-settlement.

10. The following table shows the demands, collections and outstanding balances of the current and past years :—

	Demands.			Collections.			Balance.		
Past years	19844	10	1	6658	8	11	13186	1	2
Current year...	24455	5	10	19989	9	4	4465	12	6
Total.....	44299	15	11	26648	2	3	17651	13	8

11 Notices were issued to three registered occupants. In only one case was movable property attached owing to the obstinacy of the occupant. No property was, however, sold.

12. Loans amounted to Rupees 3105 as against Rupees 3545 during the previous year.

13. The total area of the Estate is acres 61,995-14 of which 57,971-3 is assessed land and available for cultivation, and acres 4,024-11 not available for cultivation. There is no unassessed cultivable land.

CHAPTER III.

Protection.

14. Bombay Act V of 1879, as amended by Act IV of 1913, was introduced. None of the existing Laws or Regulations was repealed.

15. No military force is maintained.

16. The Police strength was reduced to 12, consisting of 1 Sub-Inspector, 1 Naik and 10 Constables, and the saving utilized towards raising their pay. The force was partially drilled and all were dressed in uniform. The total cost of the Police was Rs. 1068–0–3 against Rs. 1039–0–6 during the previous year. The proportion of the police to population and area was 1 to 736 and 1 to 8·07 respectively.

17. Out of 5 offences of theft that came before the police, one was sent to the Magistrate for trial, the accused being convicted. Of the remaining 4, in one case in which the accused absconded, the stolen property was found and a warrant issued against the accused. The 2nd case proved to be one of mischief committed by the half mad brother of the complainant. The 3rd being

a theft committed at the fair of Billur, the accused could not be traced. In the 4th. case, in which a cow was stolen, the offender could not be detected owing to the negligence of the police patil who has been strictly warned (Appendix V).

Village Police.

18. There are 6 village police patils who assist the District Police in detecting crimes and bringing offenders to justice.

Criminal Justice.

19. The Chief exercised the powers of 1st Class Magistrate through her Karbhari, the appellate and sessions powers being exercised by the Political Agent.

20. Out of 6 offences committed during the year, in one case of theft the accused, who was convicted, got the benefit of sec. 562 of the C. P. Code. One case of hurt and 2 of criminal assault were compounded. In one case under Sec. 298, I P. C., proceedings were stopped under Sec. 249 of the Criminal Procedure Code. In the 6th case which was under Sec. 498, I. P. C., the accused being in the Jath State, the complainant was referred to the authorities of that State. There were no Sessions cases nor appeals against the decisions of the Magisterial Court. (Appendices VI & VII)

Civil Justice.

21. The Chief exercised the powers of a 1st. Class Subordinate Judge through her Karbhari, the appellate powers being exercised by the Political Agent. There were 19 suits including the balance of 5 of the previous year. Of these, 17 were decided and 2 remained on hand. Of the 17, 4 were of long standing. The average time required for deciding a suit was 6·8 months. The other 13 were received and decided during the year under report. There was no appeal from any of the decisions of the year. The number of suits relating to money transactions was 14 as against 4 in the previous year. The number of suits relating to landed property was *nil* as against 2 during the previous year. (Appendix X).

22. There were in all 11 applications for execution of Civil Court decrees including 7 of the previous year. All were disposed of except 2 belonging to the year under report. (Appendix XI).

23. The number of suits under the Mamlatdar's Court Act was 3, the same as in the previous year. Two were decided and one remained on hand.

Extradition.

24. No accused persons were demanded by nor given over for trial to the Daphlapur Estate, as there was no such need.

Prisons.

25. The Jail, which is situated within the precincts of the Chief's Wada, is sufficient for the purpose of the Estate. There was only one prisoner during the year and that was from the previous year. One was in the lock-up

as against none in the previous year. The health and the conduct of the prisoner was good. The total cost of the jail and the prisoners was Rs. 3-12-6 as against Rs. 55-9-6 in the previous year. (Appendix XIII).

Registration.

26. Appendices XIV & XV give details under this head.

Municipal Administration.

27. There are no Municipalities in the Estate, and sanitary measures are adopted, when necessary, at the expense of the Estate. Rs. 20 were expended for destroying prickly pear during the year under report.

CHAPTER IV.

Protection and Distribution.

28. Although the rainfall during the year was far below average, the wind for *Rabbi* crops being favourable, these yielded an out-turn of annas 7, while *Khariff* crops yielded less than 4 annas. The prices of staple food grains are given in Appendix XVIII.

29. There was considerable demand for labour, the daily wages of man, woman and child being 4, $2\frac{1}{2}$ and $1\frac{1}{4}$ annas respectively.

Forests.

30. There are no forests in the Estate.

31. Cotton, chewing pan and turmeric all suffered for want of rain, and the market for turmeric was particularly unfavourable. The export of these products amounted to Rs. 1,000, Rs. 15,000 and Rs. 4,500 respectively, being nearly half of that in the previous year. The imports call for no remarks.

Public Works.

32. The main-road (viz., Bijapur-Miraj) and streets in Daphlapur were partially repaired at an expense of Rs. 1,064–2–0.

Owing to scarcity of water in Daphlapur and the water of the step-well outside the town getting contaminated by guinea-worm spores every year, the Gund in the Nala was repaired at a cost of Rs. 199–8–0.

The wall of the school compound was erected at an expense of Rs. 133-2-3.

33. There is a Branch Post office at Daphlapur, the only post office in the Estate.

Mint.

34. There is no mint in the Estate. The British Indian coin is in circulation.

General condition of the Estate and people.

35. The financial condition of the Estate and people was, on the whole, good. The rainfall was below average. Farmers had favourable markets for

their products and labourers got high wages. The Agricultural stock was sufficient and in fair condition. Scarcity of fodder was felt towards the end of the season.

36. Appendix XXI gives details of Excise shops. The number of shops was the same as in the previous year, viz., 4.

37. Appendix XXIV gives the number of births and deaths as well as ratio per 1000 of population. The birth and death ratio per mile was 3·1 and 1·95 respectively.

38. There was nothing appreciable in immigration and emigration.

CHAPTER V.

39. The gross total revenue was Rs. 21,083-8-11 as against Rs. 14,252-12-0 for the preceding year. Details of income and expenditure with causes of variations are given in Appendix XXII—A and B.

40. Huzur and village figures having not been made to tally every year, the needful adjustments will have to be made in the Huzur accounts and the village accounts taken to form the basis. The correct amount of outstanding balance is thus Rs. 16,271-6-6 and not Rs. 17,651-13-8 as shown in para 10 of Chapter I. Of this nearly Rs. 5,000 are arrears of long standing and, therefore, irrecoverable. Individual inquiry is being instituted to see that there are no contumacious cases.

CHAPTER VI.

Vital Statistics.

41. For want of funds, the Darbar has not been able to maintain a Dispensary, but keeps a small supply of patent medicines. The Chief intends to engage at her own expense a man having a fair knowledge of both the Ayurvedic and Allopathic systems.

42. The Estate was free from plague and cholera. Of small-pox there were 91 attacks and 9 deaths as against 15 and *nil* respectively during 1912-13. 339 children were vaccinated as against 338 during the previous year, and all with success. The cost of vaccination was Rs. 85 as against Rs. 60.

CHAPTER VII.

Education.

43. The number of schools for boys was three. A girls' school was opened in Daphlapur during the year under report. The total number on the rolls on 31st March was 146 as against 100 in the previous year. The Daphlapur and Billur schools teach upto Vernacular Standard IV, while the Sankh school

teaches upto Standard III. The total cost of education was Rs. 483-5-9 as against Rs. 360 in the preceding year.

44. Education is imparted free in the Estate.

45. The ceremony of opening the new school-house was performed on 21st August 1913 by Mr. J. K. N. Kabraji, Political Agent, Bijapur.

CHAPTER VIII.

Miscellaneous.

46. There are neither Printing Presses nor Lithographs in the Estate.

47. The Diamond Jubilee Reading Room at Daphlapur is the only Library in the Estate.

48. No rewards were given for the destruction of wild beasts and poisonous snakes.

49. In February a havoc was made by a tiger said to have come from Mamadapur forests in Bijapur Taluka. A horse, a cow and five dogs were killed, and a boy of 18 injured. Prompt measures were taken to exterminate the prickly pear which afforded refuge to the tiger, and rewards were offered for the destruction of the beast which, however, could not be found.

50. I am directed by Shrimati Rani Bai Saheb to convey to you her heart-felt thanks for the very kind and friendly advice you have given her from time to time.

I have the honour to be,

Sir,

Your most obedient servant,

G. N. PERUR,

Karbhari of Daphlapur Estate.

REPORT

ON THE

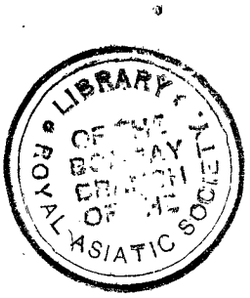
GENERAL ADMINISTRATION

OF THE

DAPHLAPUR ESTATE.

FOR THE YEAR

1914–1915.



Printed by Dattatraya Ganesh Khandekar at the 'Law Printing' Press,
449 Shanwar Peth, Poona City, and published by G. N.
Perur, State Karbhari, at Daphlapur.

1915.

No. 53 of 1915.

From

THE KARBHARI OF DAPHLAPUR ESTATE,

To

THE POLITICAL AGENT, BIJAPUR.

Daphlapur, 18th September 1915.

Sir,

I have the honour, by direction of the Chief, to submit the Administration Report of the Daphlapur Estate for the Fasli year 1324 ending 5th June 1915.

CHAPTER I.

General and Political.

2. The area is 96.8 square miles, and the population 8,833. The gross revenue and expenditure, based on the average of the last 5 years, are Rs. 21,792-9-9 and 20,582-3-7 respectively.

3. No tribute of any kind is payable to Government or to any State.

4. The Chief, Shrimati Rani Bai Saheb Daphle, is a high-caste Maratha Lady, whose age, though ordinarily given as 80, is, according to reliable calculations, at least above 90. She had given her only daughter, Akka Saheb, in marriage to the Late Chief of Akalkot, herself having a close connection through her mother with the family of the Chief of Mudhol. Although her general health is remarkably good, and the keenness of her sight and her activity admirable, for her extreme old age, the failure of her intellectual faculties is markedly progressive. During the last Rám Navami festivities, she had an attack of Bronchitis which confined her to bed for more than 2 weeks and caused some anxiety. Now, however, she has completely recovered from the effects of her illness and is in the enjoyment of her usual health.

5. There was no domestic occurrence of interest connected with the household of the Chief. At the 30th anniversary of her accession to the Gadi of Daphlapur, which was celebrated on 16th December 1914, the poor and needy were fed and supplied with clothing.

6. No tours were made by the Chief within or beyond the State.

7. You were pleased to visit Daphlapur in the 2nd week of January 1915, when, at the request of the Chief, her Karbhari's Office and Treasury were inspected by you. The ceremony of distribution of school prizes and sweetmeats was performed in your presence. The leading citizens had the honour of presenting you an address expressing satisfaction at the happy coincidence of your visit with a happy time for them, and ventilating some of their needs. The

suggestions you kindly gave the Chief respecting the public needs have since been followed so that almost all of these bid fair to be satisfied.

8. With the exception of the appointment of the Medical Officer, there was no change in the personnel of the principal officers. (Appendix I).

CHAPTER II.

Administration of the Land.

9. The Revenue Settlement was introduced in 1292 Fasli, and the 30 years' guarantee expired in 1322. The Darbar being unable to meet the cost of revision, proposes to raise the existing assessment 25% all round, with effect from the next year, if possible, so that the period of guarantee for the proposed rates will expire at the end of 1335, that is, at the same time with Jath. No waste land was taken up for cultivation. There were no alienations of land nor disputes regarding boundary settlement.

10. The following is the summary of accounts for the year under report:—

Items.	Past year.			Current year.			Total.		
I. Receipts—	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
1 Demands	16271	6	6	21244	1	8	37515	8	2
2 Collections	5190	4	11	20563	6	6	25753	11	5
3 Balance	11081	1	7	680	11	2	11761	12	9
II. Payments—									
1 Amount due ...	8529	13	10½	24239	14	3	32769	12	1½
2 Amount paid ...	4631	3	10	23479	5	3	28110	9	1
3 Balance	3898	10	½	760	9	0	4659	3	½

11. The season being satisfactory, the payment of the revenue demand was easy and punctual. Notices were issued to 15 leading watandars who deliberately withheld payment of Local Fund newly levied on their watan lands. Personal influence and the issue of notices having failed to procure payment, coercive measures will have to be taken to enforce payment in these and some other contumacious cases.

12. Loans amounted to Rs. 2498-4-0 as against Rs. 3545 during the previous year. Steps are being taken to recover these, as also to settle once for all the amounts due from each of the borrowers and to adjust the claims, if necessary, by fixing instalments. The issue of fresh loans has been discontinued.

13. The total area of the Estate is 61995 acres and 14 gunthas, of which 57971 acres and 5 gunthas is assessed land and available for cultivation, and acres 4024 and 11 gunthas not available for cultivation. There is no unassessed cultivable land.

CHAPTER III.

Protection.

Legislation.

14. Appendix II shows the laws and regulations in force. The ordinances passed by Government on account of the War were introduced in the Estate as far as may be. The principles of some other Acts such as Registration, Village Police, District Police, Hereditary Officers, Land Acquisition, Local Fund, Mamlatdar's Courts, Limitation, Oaths, Jail, Salt, Land Improvement, Poisons, Criminal Tribes, Minors and Extradition are also followed, though these do not seem to have been made applicable to the Estate. The omission is being made good.

Military Force.

15. There is no military force.

Police.

16. The strength of the Police is the same as last year viz.: 12: one Sub-Inspector, one Naik and ten Constables. The force was partially drilled and all dressed in uniform an improved pattern of which was purchased during the year. The total cost of the Police was Rs. 1284-1-2 as against 1068-0-3 during the previous year. The proportion of the Police to population and to area was 1 to 736 and 1 to 8.07 respectively.

17. There were in all 5 criminal cases—3 of theft, one of mischief by fire, and one of making false charge. Out of the 3 cases of theft that came before the Police, one was sent to the Magistrate for trial which ended in the conviction of the accused. The other two turned out to be false. The case of making false charge was sent to the Magistrate, and the accused was tried and convicted (Appendix V). The fire proved to be accidental.

18. There were 5 accidental deaths—3 by drowning, one by stumbling and one by snake-bite. There was one accidental fire, the value of the property destroyed being Rs. 100.

Criminal Justice.

19. The Chief exercised the powers of 1st Class Magistrate through her Karbhari, the appellate and sessions powers being exercised by the Political Agent.

20. Out of 7 cases that occurred during the year,

2 (hurt) were compounded;
2 (one of theft and one of making false charge) ended in conviction;
2 (theft) proved to be false;
and in one (Sec. 24 of Cattle Trespass Act) the accused were acquitted for want of satisfactory evidence.

There were no sessions cases nor appeals against the decisions of the Magisterial Court (Appendices VI and VII).

Civil Justice.

21. The Chief exercised the powers of a 1st Class Sub-Judge through her Karbhari, the appellate powers being exercised by the Political Agent.

22. There were 36 suits including the balance of 2 of the previous year. Of these, 35 were decided and one remained on hand. The average time required for deciding a suit was 3.4 months. There was no appeal from any of the decisions of the year (Appendix X).

23. There were in all 20 applications for execution of Civil Court decrées including 2 of the previous year. All were disposed of except one belonging to the year under report (Appendix XI).

24. There were 2 suits under the Mamlatdar's Court Act and 4 assistance cases, all of which were decided.

Extradition.

25. Two natives of Ankalgi in the Jath State, accused of an offence under the Cattle Trespass Act, were served with summons through the State Karbhari of Jath. They were, however, acquitted for want of sufficient evidence. A Jath convict on his way to Bijapur Jail under an escort of Jath Police escaped from the latter's custody and was caught by the Daflapur Police at Tikkundi. He was subsequently made over to Jath authorities as directed by you.

Prisons.

26. The Jail is situated within the precincts of the Chief's wada and sufficient for the purposes of the Estate. One prisoner was in Jail and one in lock-up. The health and conduct of the prisoner were good. There is no separate establishment for the Jail, and the cost of the prisoner was Rs. 3-6-9 against Rs. 3-12-6 in the previous year (Appendix XIII).

Registration.

27. Appendices XIV and XV give details under the head.

Municipal Administration.

28. There are no municipalities in the Estate, and sanitary measures are adopted, when necessary, at State expense. Rs. 120-5-0 were expended for destroying prickly pear. Strict orders have been issued to village officers for the eradication of overgrown pear.

CHAPTER IV.

Protection and Distribution.

29. Appendix XVII shows the rainfall which was sufficient all over the Estate except in Daflapur and Billur where it happened to be unseasonable and inadequate for kharif crops. Both the kharif and rabi crops yielded an outturn of 10 annas. The yield of cotton was far below average. The outturn of wheat was satisfactory.

Prices and wages.

30. The prices of staple food grains are given in Appendix XVIII. The prices of labour remained generally unchanged, ranging from 3 to 6 annas a day in the case of unskilled labour, and from 8 to 12 annas in the case of skilled labour.

Forests.

31. There are no forests in the Estate.

Excise Revenue.

32. Appendix XXI shows the number of excise shops and the excise revenue. The number of shops was 6 as against 4 in the previous year. Toddy and hemp drugs form the source of the excise revenue. This is managed by the British Excise Administration and the Estate receives from Government an annual payment of Rs. 217 as compensation. The last Abkari lease with Government expired on 31st July, 1914, and the amount of compensation for the year under report has not yet been fixed. The revenue from opium sales amounted to Rs. 89-6-5 as against Rs. 60-8-8 in the previous year.

Trade and Manufacture.

33. There is not much trade in the Estate. The imports consist of rice, sugar, salt, spices, cocoanuts, kerosine, stationery, cloth &c., required for home consumption. Food grains, cotton, oil seeds, chewing pan and turmeric are the chief articles of export. Exports of cotton, chewing pan and turmeric amounted to Rs. 1200, Rs. 18000 and Rs. 3800 as against Rs. 1000, Rs. 15000 and Rs. 4500 reepectively.

Post Office and Mint.

34. There is a Branch Post Office in Daflapur, the only Post Office in the Estate,

35. There is no mint. The British Indian coin is in circulation.

Public Works.

36. Appendix XIX shows the expenditure on public works which amounted to Rs. 3231-15-2 as against Rs. 1430-12-3 in the previous year.

The bridge over the nala in front of Daflapur has been taken in hand.

A gund in the nala has been constructed and water is carried to the Wada as an experimental measure by means of pipes. The supply of pipes to principal parts of the town is under contemplation.

The construction of a dispensary, extension to the school-house and repairs to the dharmashalla are nearly completed.

As the chaudis in three of the villages were found to be in an unsatisfactory condition, and there were none in the remaining three villages, payment has been made of arrears of chaudi expenses for repairs to old chaudis and construction of new ones.

General condition of the Estate and people.

37. The condition of the Estate and the people was, on the whole, satisfactory. Rainfall and both the kharif and rabi crops were above average. Although farmers did not get a favourable market for their products, what was lost in price was gained in yield. Labourers got high wages. Agricultural and other cattle were in good condition. Fodder was sufficient and the supply of drinking water plentiful.

38. There was nothing appreciable in emigration or immigration.

CHAPTER V.

Revenue and Finance.

39. Details of Receipts and Disbursements with causes of variations are given in Appendix XXII.

The financial condition of the Estate will be seen from the following :—

Net closing balance	11784	7	1

Recoveries of outstanding dues are expected to exceed payments of outstandings by nearly Rs. 2200. This added to Rs. 2800 which could be made available from the closing balance, roughly represents the capacity of the Estate for undertaking works of reform.

CHAPTER VI.

Medical Relief and Vital Statistics.

40. As the extreme old age of the Chief rendered it imperative that she should have suitable medical help always at hand, the services of a qualified man were engaged and a dispensary opened for the first time on 25th March 1915. A modest sum of Rs. 200 has been sanctioned for initial expenditure on equipment of the Dispensary up to the end of the next year (1325 Fasli).

41. Appendix XXIV gives the number of births and deaths as well as the ratio per 1000 of population. The birth and death ratio per mille was 39.5 and 25 respectively. The Estate was free from plague. Cholera broke out in Sankh attacking 46 and carrying off 17. The outbreak being traced to the people eating raw green bajri and drinking step-well water, these causes were removed so that the spread of the disease was checked. The village officers were supplied with a stock of cholera medicine of which the people were advised to avail themselves on the slightest suspicion of infection. Attacks and deaths due

to small-pox were 40 and as against 91 and 9 respectively during 1913-1914. 258 children were vaccinated as against 339 during the previous year, and all with success. The cost of vaccination was Rs. 72-2-0 as against Rs. 85.

CHAPTER VII.

Education.

42. The number of schools was 3 for boys and one for girls. A Dhed school was opened during the year. The total number on the rolls on 31st March was 179 as against 146 in the previous year. The Daflapur and Billur schools teach up to vernacular standard IV, and the Sankh school up to standard III. Standard V in Daflapur and test schools in the remaining villages of the Estate were opened.

43. The total cost of education was Rs. 654-2-1 as against Rs. 483-5-9 in the preceding year. Education is imparted free. By way of encouragement a small scholarship of annas 4 per month is given to every reading girl attending school regularly.

CHAPTER VIII.

Miscellaneous.

Printing Presses.

44. There are neither printing presses nor lithographs in the Estate.

Libraries.

45. The Diamond Jubilee Reading Room continues in Daflapur.

Fairs and Shows.

46. The only fair is that of Bhairavnath at Billur, and this was held in February from 1st to 5th. About 6000 people attended the fair.

Karbhari's tour.

47. As usual I visited all the villages in the Estate. I inspected the schools and tried to impress upon the people the evils of faction and the advantages of sanitation. In examining the village accounts I noted down the defects concerning

(i) collection of revenue,

(ii) prevention and detection of crimes,

and (iii) conduct of official correspondence;

and, on return to Head-Quarters, issued a Circular giving the needful instructions.

Destruction of wild animals.

48. No rewards were given for the destruction of wild beasts or poisonous snakes.

Cases for Pasteur Institute.

49. Six persons were bitten by rabid dogs, and to every one of them help was offered to enable him to go to Pasteur Institute, but none accepted it. One of these being very poor was paid Rs. 5 to meet the cost of local treatment. He did not, however, survive. Three of the six persons recovered.

War.

50. Soon after the outbreak of the War, a public meeting was called at Daphlapur when I explained to the people the circumstances which had drawn Britain into the war as well as the duty the people had to perform at this crisis.

A sum of Rs. 1000 was subscribed to the War Relief Fund. The Chief sent one of her bhaubands as recruit. More recruits could not be raised as this is a small Estate, and some youths had joined as recruits prior to the out-break of the war.

Conclusion.

51. I am, in conclusion, directed by Shrimati Rani Bai Saheb to offer to you her heartfelt thanks for the very valuable advice you have so kindly given her from time to time.

I have the honour to be,

Sir,

Your most obedient servant,

G. N. PERUR,

Karbhari, Daphlapur.

Chapter VI.

Medical Relief.

37. A Dispensary was opened for the first time in Daphlapur on 25th March 1915. The number of patients treated during the year was 781, the daily average being 9·4 The most common diseases were Malaria, Worms, Diarrhoea and Bronchites.

39. The Estate was free from Cholera. Timely and thorough evacuation averted an epidemic of Plague. In only one village did plague break out carrying off 18 lives. In examining the birth and death Register of the village my suspicions were aroused, and on inquiry I found that a few deaths that had been attributed to ordinary diseases were really due to plague, and I actually discovered a couple of plague attacks in a house. Evacuation of the village was effected in 12 hours and suitable medical aid provided with the result that further spread of the disease was checked. Infection was traced to the officiating Kulkarni paying frequent visit to Bijapur where plague was raging. Attacks and deaths due to small pox were 10 and nil as against 40 and 1 respectively during 1914-1915. 337 children were vaccinated as against 258 during the previous year, and all with success. The cost of vaccination was Rs 73 as against Rs 72-2-0.

The Deputy Educational Inspector, Bijapur, has been requested to inspect the schools in the Estate.
